Please use internal program for where you are playing each week if applicable to your club

Tennis Rules & Court Etiquette

- It is important to dress in clean & customarily acceptable tennis attire.
- Don't walk past a court where play is in progress.
- If 2 balls cannot be held in one hand then the 2nd ball must be in a ball holder or in your pocket - ball cannot be left on the ground. The 2nd ball must not be dropped on the ground if 1st serve is in - a let may be called. Not applicable to Mixed Teams.
- When returning the ball to the server always look to see where they are & return under the net or gently over the net, perhaps warning them it is coming.
- Make calls loud & clear. All lets, faults & out must be called - doesn't matter how far, make it clear. In calling the ball out; if there is any doubt play the point again.
- The Server calls the point score after every point & the game score agreed to at the change of ends.
- If you are unsure whether the ball is in or not then you must play the ball as in.
- Play is continuous - no rests.
- No answering or abusing opposition - if in doubt call for a supervisor.
- No throwing rackets or smashing the net.
- You shake your opponent's hand firmly to thank them for the game then & to show that you enjoyed the match. Walk off with your opponent.
- All teams must be supervised. (Refer to Junior By-Laws - under SUPERVISORS - for all directives).
